

MANUSCRIPT SUBMISSION PROCESS

Manuscripts should be submitted by one of the authors of the manuscript through the [Open journal system](#) where the corresponding author needs to [Login](#) or [Register](#) by pressing **NEW SUBMISSION**.

Before submitting your manuscript, please read the [Guides for Authors](#) carefully. Should you have any questions that are not answered by the Guide for Authors, please contact us.

By submitting the manuscript, You agree with the conditions under which the journal is published <https://creativecommons.org/licenses/by/4.0/>

You need to take three steps to upload and describe your submission:

SUBMISSION STEP ONE

The Author is asked to select one of three sections to submit the paper (Landscape engineering, Horticulture or Landscape architecture), to check the submission requirements and acknowledge the completed statements below before proceeding or state the comments for the editor. In the next step, the author is asked to **UPLOAD FILE**.

SUBMISSION STEP TWO

To ensure the integrity of the blind peer-review of your submission, every effort should be made to prevent the identities of the authors and reviewers from being known to each other, therefore your manuscript will be uploaded in two steps: First you upload the **AFFILIATION LETTER** and in the second step you upload the **MANUSCRIPT WITHOUT AFFILIATIONS**. In one step just one document can be uploaded, so each step must be confirmed, and the second document (manuscript without affiliations) could be added.

SUBMISSION STEP THREE

The third step of the submission process serves to collect all relevant metadata from the author: Title of the manuscript, abstract, list of contributors and keywords. The first section of metadata covers the authors. The submitting author will have their personal information automatically appear. The corresponding (submitting) author is responsible for managing all communication between the journal and all co-authors, before and after publication.

After the submission, author tracks the submission through the system and is notified by emails or at the dashboard (tasks) after log in.

If you require any assistance with your authors login or during the review process, please feel free to contact us editor-ahr@uniag.sk
